Distributions of Property - in general, IRC §301 defines the rules used to determine whether, and to what extent, distributions to shareholders are taxable. Distributions to shareholders that do not exceed the corporation's earnings and profits are reported as taxable dividends in accordance with IRC §316. In the event a distribution to shareholders exceeds corporate earnings and profits, as determined under IRC §312, shareholders must apply the rules of IRC §301 to determine if the distribution is a non-taxable return of basis under IRC §301(c)(2) or if the distribution is reported as capital gain under IRC §301(c)(3). The information provided herein is intended to assist shareholders and their tax advisors in making this determination.

18 Can any resulting loss be recognized? ▶ NO

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable tax year of the distributions is 2014. Actual ordinary dividends and other distributions will be reflected on the taxpayer's 2014 Form 1099-DIV.
